

**Involve policy makers**  
Round Table and Debate in Federal Parliament leading to a proposal for resolution presented April 2018

**Well Done Awards become HealthNest incubator**  
14 partner organizations actively engage in the HealthNest coalition

**Build a knowledge base**  
Designing the impact model together with stakeholders, a supported blueprint on how to improve health literacy in Belgium

**Establish a broad community**  
Elaboration of one of the identified levers from the impact model at a stakeholder and follow-up event to stimulate new projects and co-creation

**Voting**  
on the necessity of organizing a health literacy conference, based on feedback during live event 2022

**Taskforce meetings**  
defining concept and program proposal

**Conference plan**  
to start execution resulting from the work of the taskforce

**VISION OF HEALTHNEST**

HealthNest is a coalition of concerned professionals and organisations committed to improve health literacy in Belgium. We help key actors and stakeholders pool together their experiences with health literacy and define what approaches have the most potential to improve the situation on the ground.

**THE MEETING PLACE**

for all those who are, or should be, active in health literacy

**THE SHOWCASE AND ENGINE**

for the entire health literacy community

**THE NEST**

where new things can arise, before they 'fly out'
